

Institute for Nuclear Research and Nuclear Energy

BEO Centre of Excellence

BEOBAL FP6 project
GRID training seminar

**Dr. Chris Jones, *CERN - where the
World Wide Web was born ...***

**“GRID technologies applications
in environmental and global change studies”**

16 Feb 2006,
9h00, Hall 300,
INRNE

GRID and non physics disciplines – genomic, bioinformatics,
environment, multiple sciences
New and untraditional approach to GRID applications and GRID
technology and environment penetration – GRID is not only computer
power. GRID and revolution in European (world)
research infrastructure.

14h00, INRNE
IT Division

INRNE GRID computer cluster demonstration.
Round discussion

17 Feb 2006,
9h00, Hall 300,
INRNE

BEO Centre of Excellence use of GRID approach, technology and
resources - fresh ideas and possible directions of movement

GRID Seminar is organised in the
framework of **INRNE BEOBAL FP6**
EC project INCO-CT-2005-016663
